

# Empathy Conversation Prompts

A Mindful Leader Collection™ by Leading Beyond Limits

Where better conversations build better leaders.

Most leadership challenges don't start with strategy. They start with conversations.

## THE PROBLEM

Most teams don't lack knowledge — they lack the right conversations.

- Feedback is avoided or poorly delivered
- Conversations stay surface-level and trust erodes
- Misalignment builds quietly across teams
- Leaders lack practical tools to demonstrate empathy

## WHO THIS IS FOR

Ideal for leaders, teams, and L&D professionals

- Corporate leadership teams
- L&D & talent development programs
- Managers leading teams and 1:1s
- Conferences & curated leadership events

## THE SOLUTION

A simple, practical tool for real leadership moments

A 55-card set designed to help leaders facilitate more meaningful conversations, build trust through intentional dialogue, and apply empathy in real time.

*Built to move leaders from awareness to action through simple, repeatable conversation practices.*

*Designed by a leadership practitioner with 15+ years leading enterprise transformation and leadership development programs.*

No training required to get started.
